Cash Collection Improvement Review

A practical, evidence-based review to improve cash collection, reduce debtor days and strengthen your cash flow.

The challenge

Many businesses have money tied up in overdue invoices, inconsistent follow-up and inefficient collection processes, which can put pressure on cash flow and limit growth.

How SBS helps

SBS provides an independent review of credit control, invoicing and collection processes, using evidence to identify practical improvements that release cash and reduce debtor days.

Key benefits

- Faster, more reliable cash collection
- Reduced debtor days and better cash flow
- A stronger, more efficient process

How SBS works

A structured, three-stage approach that turns analysis into practical results.

Evidence → Decision → Action

Focused Review — £1,500

FIXED FEE · DEFINED SCOPE

Agreed review boundary

One legal entity and invoice-to-cash process; a current aged-debt report and up to 30 invoices.

Included deliverables

Concise findings, debtor-day implications, top three priorities and a 30-minute read-out.

Comprehensive Review

FIXED QUOTATION TO SCOPE

Expanded investigation

Wider ledger or multiple entities; interviews, cash-flow modelling and a control roadmap.

Before work begins

Agree scope, deliverables, timing and fixed fee in writing.

SBS consultancy only • Technical implementation separately scoped and quoted by specialist partners.

Take the next step

Arrange a confidential discussion with SBS to explore how a Cash Collection Improvement Review can strengthen your cash flow and business performance.
